## Education

<b>B.S. Degree, Business Administration - MIS</b>   San Jose State University	Dec 2027
GPA: 3.74	
<b>A.A. Degree, Liberal Arts - Business &amp; CIS Emph</b>   De Anza College	June 2025
<b>Certification:</b> Accenture UK Developer and Technology Completion Certificate	Jan 2025

## Professional Experience

<b>Building Supervisor</b>   Provident Credit Union Event Center @ SJSU	Nov 2025 - Present
---	--------------------

- Oversaw day-to-day Event Center operations by directing student staff, monitoring work orders and maintenance needs, and ensuring event spaces met cleanliness, safety, and readiness standards
- Supported event planning and execution by serving as a point of contact for clients, leading site tours, and coordinating recurring event needs to deliver efficient and professional event operations

<b>Student Assistant</b>   De Anza College	Feb 2025 - Aug 2025
--	---------------------

- Supervised 10-15 students with disabilities daily and led 3-5 individual and group training sessions weekly, ensuring safe, compliant, and accessible use of fitness equipment by modifying setups and adapting communication styles to match each student's needs
- Proactively handled problems such as equipment discomfort, movement difficulties, and sensory issues by adjusting stretching routines or substituting exercises with seated modifications to help each student stay safe, comfortable, and actively involved

## Activities

<b>Relational Database Design</b>   Database Management Systems	Sep 2025 - Dec 2025
---	---------------------

- Built and normalized a relational database in Oracle to analyze Proxjon Company's client projects, costs, and employee assignments, supporting insights into profitability, budgeting, and resource utilization
- Created SQL queries using JOINS, aggregates, subqueries, and CASE statements to answer business questions on cost variance by client size and employee workload, presenting findings in a mock business analyst interview setting

<b>Financial Statement Analysis Project</b>   Financial Accounting	June 2025
--	-----------

- Analyzed the 2025 10-K filings from HP and Dell by calculating financial ratios to evaluate and compare each company's financial performance and stability, identifying strengths and risks to support data-driven investment recommendations. Ratios analyzed include EPS, Current Ratio, Net Profit Margin, Asset Turnover, and ROA
- Researched industry trends and competitor benchmarks to deepen understanding of HP's and Dell's market positions, enhancing the accuracy and relevance of financial performance evaluations and investment recommendations

<b>Peer Mentor</b>   Mentors@De Anza	Jan 2025 - May 2025
--------------------------------------	---------------------

- Mentored 2 students in academics, extracurriculars, and transfer planning while fostering a supportive community, with bi-weekly meetings
- Connected mentees with campus resources such as tutoring, career services, and student organizations to support their academic success and overall college experience
