Projects

Korean Chaebol Presentation, CAU

- Collaborated with a team of four students to effectively research the impacts of Korean Chaebols on the Korean work life
- Produced an effective and informative presentation on how chaebols effect the Korean work life

Work Experience

CAU GSI (Global Student Internship), South Korea, Gyeonggi-do October 2019 - December 2019

- Effectively collaborated with faculty and peers from various cultural backgrounds to evaluate and improve the services of the global lounge to encourage more students to come visit
- Enthusiastically helped Korean students conversate in English to better develop their speech skills, exchanging our experience of our cultural backgrounds
- Created a safe place for students to interact and encouraged students to speak which helped increase their confidence in speaking English

CAU Global Exhibitor, South Korea, Seoul

November 5, 2019

- Interacted with Korean students on the experience of studying abroad at my home university to inform them the benefits of studying abroad

Mcdonald's Crew member, San Leandro, CA.

January 2019 - June 2019

- Effectively communicated with 5-6 staff on completing special orders from customers to produce high-quality customer service
- Quickly and efficiently adapted to new tasks such as food preparation, customer service, and sanitation of kitchen equipment to maintain safety standards in a fast paced environment
- Was able to take shifts on a short notice to help the operation run smoothly

Skills

Computer: Proficient in Google apps (slides, docs), Zoom, Social Media (Instagram, Tik Tok, Facebook)

Language: English (fluent)
