Career Objective

Current MIS student at San Jose State University, seeking to combine my passion for business with technology to drive growth and innovation in organizations. With a strong understanding of business processes and a solid technical foundation, I am eager to contribute to bridging the gap between business operations and technology solutions.

Education

San Jose State University August 2023-Present
Actively pursuing B.S, Business Administration, Concentration in Management Information Systems
Relevant Coursework: Fundamentals of Management Information Systems, Global Dimensions of Business, Business Ethics, Introduction to Marketing

De Anza College August 2021-2023
Associate of Science: Business Administration
Relevant coursework: Financial Accounting I, II, Management Accounting, Statistics

Milpitas High School 2017-2021

Leadership & Activities
