

DENIZ CHRISTY

27 N 6th St, San Jose, CA, 95112 | (858) 735-3595 | deniz.christy@gmail.com

Hardworking student looking to become an IT specialist. A quick learner who knows how to search for important information and improvise solutions. Adept at using Excel and Python to simplify and automate tasks. Capable of viewing problems from both a technical lens and a business lens.

EDUCATION

San Jose State University | Bachelor of Business Administration, Management Information Systems concentration
August 2023 - Present

- Relevant coursework: Systems Analysis and Design, Business Programming
- Member of SJSU Management Information Systems Association (MISA) and Girls Who Code
- GPA: 3.18

Chaffey College | Associate of Business Administration 2.0
January 2019 – May 2023

PERSONAL PROJECTS

- Used Python to automate a weighted write-in vote tally from Google Forms, reducing a 40-minute process to 1 minute.
 - Created a formatted write-up generator in Python, reducing a 15-minute process to 30 seconds.
 - Installed Linux Mint on a school laptop, learning how to use the OS, operate the terminal, and write basic Bash scripts.
 - Created and maintained a Google Sheets dashboard of events and important info for a community of 50+ people.
 - Imported bank statements to Excel in order to calculate and sort total expenses by type.
 - Created a system in Google Sheets to automatically check and display errors in form entries.
 - Assisted in managing an online community of over 13,000 users.
-
