OBJECTIVE

Seeking a Product management internship

EDUCATION

B.S., Business Administration, Concentration in Management Information Systems (MIS)

San Jose State University, San Jose, CA — GPA: 3.682   Graduation: Spring 2027

EXPERIENCE

Regional Coordinator (Volunteer) — BAPS North America   Aug 2025 – Present
- Guided local volunteers to improve program efficiency and retention strategies, serving as a liaison with regional and national leadership.
- Support local volunteers to increase participation and improve program efficiency.

Regional Core Team Member (Volunteer) — BAPS North America   Aug 2023 – Aug 2025
- Planned and executed 2024 Summer Shibir (Los Angeles) for ~200 students
- Coordinated writing, media, and logistics teams to deliver the program..
- Produced scripts and media content as part of the programming team, helping drive a 15% sustained increase in weekly attendance across centers.
- Strengthened cross-team communication between regional core and local teams to ensure seamless execution.

Program Coordinator (Volunteer) — BAPS North America, Robbinsville, NJ   July 2023 - Oct 2023
- Led a team of 15 to enhance visitor experience during the grand opening of Swaminarayan Akshardham, the world's second largest Hindu temple, welcoming 4,000–5,000 visitors daily (~300,000 total).
- Coordinated cross-functional teams (writing, production, props, and media) to deliver major programs, including the "Bal Din" celebration.
- Designed actor training processes and schedules, improving performance quality and reducing execution errors.
- Produced audio content reaching 300,000+ online viewers, amplifying global visibility of the celebrations.

Projects

Music Producer Platform (In Development)   Aug 2025 - Present
- Designing a platform to democratize access for music producers by eliminating upfront costs and enabling fair monetization (5% per sale + minimal ads).
- Drafted MVP and product roadmap; preparing pitch and design to recruit collaborators.
- Targeting launch within 1 year to expand opportunities for creators based on skill rather than financial resources.

Technical Skills
- Programming & Data: Python (Pandas), JavaScript, C++, Excel, Google Sheets
- Collaboration & Productivity: Microsoft 365, Google Workspace, Trello
- Design & Media: Canva (plus event media production experience: Pro Tools, Logic Pro X, FL Studio)
