

Justin Nguyen

San Jose, CA | (408) 655-7977 | justin.nguyen07@sjsu.edu

CAREER OVERVIEW

- Skills in analytical software such as Excel, Google Sheets, and SPSS Statistics
- Experience in managing databases with vast and varying amounts of data
- Intermediate experience in using both Windows and Mac operating systems

EDUCATION

BS, Management Information Systems

May 2026

San Jose State University, San Jose CA, 3.5

Course Work

- 25 credits in business management-related courses such as Business Statistics, System Analysis & Design, and Managerial Accounting
- 10 credits in programming-related courses such as Intro to Programming and Fundamentals of Management Information Systems

PROJECTS

- **"Analysis of Mint Study"**, SJSU February 2023 - May 2023
 - Performed a detailed survey and analysis, conducted among a wide range of dozens of interviewees of varying demographics to assess brand awareness and discuss various factors potentially influencing one's knowledge and opinion on any particular brand for statistical research.
 - Utilized SPSS and Google Sheets with two other group members to collect, compare, and examine survey results.
- **"Tariffs as Political Tools: Analyzing the US-China Trade War"**, SJSU April 2023 - May 2023
 - Wrote an in-depth analysis of ongoing trade war and how it deeply affects all manners of business by going into finer details of business on a global scale to showcase how a general decline in global markets has been an ongoing trend.

EXPERIENCE

- **Food and Beverage Associate**, California's Great America, Santa Clara CA July 2022 - November 2022
 - Took stock of supplies for serving dozens of customers, requested more stock of varying types, and dealt with occasional problems arising from customers and employees alike, allowing for growth in analysis.
 - Acted as a mentor often for newer employees on how to operate various kitchen equipment and learn various processes to serving customers, often defaulting to becoming a defacto leader for a group.
 - Collaborated in small areas often in teams of three or more, furthering strength in working in teams to achieve a goal.
- **CJSF/CSF Member**, California Scholarship Federation, San Jose CA August 2016 - May 2022
 - Volunteered in CJSF and later CSF in both middle and high school.
 - Volunteered for opportunities such as distributing paper bibs for turkey trot runners and helping at a council woman's picnic provided ample experience in interpersonal communication skills.

AWARDS

- Dean's Scholar: Fall 2023
