Professional Experience

90.5FM KSJS | San Jose, CA | February 2024 - Present
Radio Show Host

- Host of my own R&B show "The Kooldown" with an average audience of 400 listeners weekly.
- Passionate about discovering and interviewing emerging artists to showcase their talent and unique perspectives.
- Organize and host ticket giveaways to promote local shows for the community.
- Curate music monthly alongside the station to play on air.

San Jose Safe Commute | San Jose, CA | February 2025 - May 2025 ([Our Application](#))
Software Developer

- Built a web app with Python, Streamlit, and OpenAI API for AI-powered user interactions.
- Used GitHub for version control, feature branching, and collaboration.
- Developed key AI features for real-time, AI-generated responses.
- Wrote clean, modular code with clear documentation.
- Collaborated with fellow developers on feature planning, code reviews, and debugging through GitHub and team syncs.

Yubico | Santa Clara, CA | Summer 2024 & Winter 2024
Supply Chain Intern

- Programmed 500 keys with updated firmware and packaged 250 orders daily for shipment.
- Organized and sorted firmware for 2,500-4,000 keys daily.
- Ensured timely and accurate delivery of customer orders.

GILLIG LLC | Livermore, CA | Summer 2022 & Summer 2023
Summer Hire Assembler

- Installed wheelchair ramps and adjusted front doors on buses, applied caulking to seal bolts and prevent rusting, ensuring compliance with the quality control team on 6-7 buses daily.
- Collaborated with team members to optimize assembly line processes for bus manufacturing, ensuring efficient workflow and high-quality production.
