logangarcia7@yahoo.com

Experienced security professional with over five years of hands-on expertise in site surveillance, alarm response, incident reporting, and monitoring through GSOC and CCTV systems. Skilled at maintaining safety and order across a variety of environments, with a strong record of professionalism and attention to detail. In my role as a Field Lead, I successfully supervised teams, coordinated security operations, and enhanced communication and customer service skills while managing increased responsibilities. Committed to continuous improvement and eager to expand my knowledge to provide exceptional service and protection to every client.

Inter-Con Security / Breaker

DECEMBER 2023 - PRESENT

At Inter-Con, I continued in a role similar to my previous position, maintaining consistent responsibilities in security operations. Although my daily duties remained largely unchanged, I upheld the same high standards of professionalism, reliability, and respect that have defined my career. My experience and skill set allowed me to effectively support new hires, offering guidance and mentorship to help them adapt and succeed in their roles.

SureFox North America / Field Lead

JULY 2022 - DECEMBER 2023

During my time at SureFox, I had the opportunity to develop and strengthen my leadership abilities. After being promoted to Field Lead, I took on a larger role within the organization, overseeing daily operations and supporting both clients and team members. My expanded responsibilities included serving as an incident commander during critical situations, responding to medical emergencies, coordinating with GSOC to request service tickets, and providing guidance and support to fellow security officers. This role enhanced my decision-making, communication, and crisis management skills in high-pressure environments.

Allied Universal Security / Security Professional

MARCH 2020 - OCTOBER 2023

I began my career in security by building a strong foundation in essential skills, including writing daily activity and incident reports, monitoring CCTV footage, responding to alarms, and delivering excellent customer service.
