PROFESSIONAL SUMMARY

I am a Management Information Systems student at San José State University with a strong interest in the intersection of technology and business. With nearly five years of experience as a supervisor and swim instructor at Calphin Swim Academy, and four years as a varsity swimmer in high school, I have developed excellent time management, leadership, teamwork, and problem-solving skills. I bring a solid foundation in management, customer service, and marketing, and I am eager to leverage my skills to drive innovation, improve efficiency, and contribute to organizational success.
