PROJECT EXPERIENCE

Externship, Management Information Systems Association

September 2025 - December 2025

- Developed leadership, data-analytical, and consulting skills through collaborative project-based learning.
- Worked with real-world datasets to conduct data cleaning, analysis, and visualization, supporting evidence-based decision-making.
- Delivered strategic recommendations by applying business management and information systems concepts to real client challenges.

Supply Chain Analysis Project: Chipotle Food Operations & Safety, SJSU

August 2025 - December 2025

- Evaluated end-to-end operational workflows including logistics, compliance, and quality control.
- Created structured analysis and reports identifying efficiency gaps and operational risks.
- Strengthened understanding of KPIs, process improvement, and systems thinking.

EXPERIENCE

AI Research Contributor (Remote), Handshake

January 2026 - Present

- Contributed to AI research initiatives in collaboration with leading AI labs by improving the performance of Large Language Models (LLMs) across domain-specific topics
- Developed, refined, and evaluated structured prompts to assess LLM reasoning, accuracy, and response quality
- Analyzed AI outputs to identify strengths, limitations, and improvement opportunities while following detailed project guidelines

Independent K-Pop Photocard Seller, Self Employed, San Jose, CA

May 2025 - Present

- Managed full e-commerce cycle including sales, packaging, labeling, and shipping with 100% order accuracy.
- Designed and maintained multi-platform inventory tracking systems, preventing shortages and overselling.
- Utilized Excel/Sheets for financial analysis and performance tracking to optimize sales strategies.

Retail Sales Associate/Cashier, Sunglass Hut, Livermore, CA

May 2024 - Present

- Supported retail technology operations including inventory tracking and digital merchandising systems.
- Assisted with technology-enabled promotional campaigns to enhance customer engagement.
- Improved operational efficiency through accurate use of stock and backroom systems.

Cashier, Best Buy, Tracy, CA

September 2022 - July 2023

- Operated POS and retail information systems to process transactions, manage returns, and resolve discrepancies.
- Strengthened technical knowledge of business information systems through hands-on retail technology experience.
- Applied problem-solving skills to streamline transaction workflows and enhance customer experience.
